2 purebred minature shnauzer puppies left. 1 white male and 1 female salt and pepper. A local of cordova mentioned maybe someone might want one. I live in kenai alaska. Wonderful breed. The are also a non shedding breed. Tails cropped,dew claws removed. Will need first shots, but if someone was to come this way we would do that for them too. Can send pictures the add is not letting me upload the photos for some reason.
